

ESAME DI INGLESE

II ANNO

L'esame di Inglese consiste in una prova scritta ed una orale, per cui gli studenti che devono solo sostenere quest'ultima devono far riferimento a quanto descritto nella relativa descrizione.

La prova scritta dura **2 ore** e comprende le seguenti parti: Listening comprehension (Scientific English), Use of English (General and Scientific English), Reading Comprehension (General or Scientific English), Writing.

La prova orale dura **10-15 minuti** e consiste in 3 parti (gli studenti verranno esaminati a coppie):

1. PARTE I: Introduction (Introducing yourself, answering the examiner's questions about daily routine, studies, hobbies, future plans, past experiences);
2. PARTE II: Scientific questions (Answering scientific questions asked by the examiner, for example: can you give a definition of a pathologist? Can you give a definition of an endoscope? How do you take blood? How do you prepare for a medical imaging?);
3. PARTE III: Doctor-patient interaction

Example 1: Role-play interview following this case history: James Robert, 48, Single, Builder, Complaint: c/o frontal headache 4/7 following cold. Worse in a.m. and when bending down. Also c/o being «off colour» and feverish.

Example 2: Carry out a neurological examination testing the flexibility of the patient. Give instructions.

Example 4: Carry out a paediatric examination

Example 5: Instruct, reassure and warn a patient while you are taking his/her blood pressure
